Re: Safety Study No. 02220114 - Route 31, Town of Sullivan

Dear Superintendent Wisinski:

New York State Department of Transportation (NYSDOT) has completed a study to investigate a lower speed limit on Route 31 between Lakeport Road and Weaver Road, in the Town of Sullivan. Based on the existing roadside development, test drives, field observations, radar speeds, and recorded crash history, the investigation determined that a lower speed limit is not appropriate at this time.

Your interest in this matter is greatly appreciated. If you have any questions or comments, please feel free to contact myself or Jacob Olds, of my staff, by phone (315) 235-0347; by email Jacob.Olds@dot.ny.gov.

Sincerely,

Michael A. Gallerani, P. E.
Regional Traffic Engineer
